## **Section 1: Important dates and information of the tender**

**Title of the tender:** E-Tender for Design, Manufacture, Supply, Installation and Commissioning of Aspirator (Jet Type) for 15 MLD Expansion at CETP Vapi.

**Tender Number** : VGEL/PUR/Aspirator, dt. 12/12/2022.

Pre Bid Meeting : 14:30 Hrs on 20-12-2022 at CETP Site, Vapi

**Last date of submission:** 12:30 PM on 27<sup>th</sup> December, 2022 online at [www.mstcecommerce.com](http://www.mstcecommerce.com).

**Mode of Submission:** Speed Post/Register Post/Courier/Hand Delivery

**Technical bid Opening:** 12:31 PM on 27<sup>th</sup> December, 2022.

(Bid opening depends on availability of signing authority)

**Technical bid evaluation:** Technical bids so received will be evaluated by the VGEL technical staff separately.

**Price bid opening** : Price bids of only technically qualified suppliers will be opened after technical evaluation.

**Supplying time period** : Within 8 week from the date of issue of LOI / P.O. / Agreement.

**Tender Fee** : Rs.15,000/- + 18% GST = Rs.17,700/- (Nonrefundable)

**EMD** : Rs.3,00,000/- (Refundable)

**Important Note** : Envelop should be superscripted as below.

“E-Tender for Design, Manufacture, Supply, Installation and Commissioning of Aspirator for 15 MLD Expansion at CETP Vapi”

## **Section 2: General Instructions**

- 1) Interested parties may obtain the tender document from the website [www.vgelvapi.com](http://www.vgelvapi.com) or from the head office of VGEL by paying cost of as mentioned in Section 1. Please check Point No. 5 & 6 as mentioned below for submission of Tender.
- 2) The duly filled Tender Document is to be sent to:  
The Chief Executive Officer,  
Vapi Green Enviro Limited.  
135, VIA House, Char Rasta  
GIDC, Vapi 396 195  
Gujarat (India)
- 3) The completed tender forms will be submitted Online on [www.mstcecommerce.com](http://www.mstcecommerce.com) up to the last date mentioned in Section 1.
- 4) The bids should be submitted in a sealed cover containing following two separate envelopes within 2 days after submission of Online offers:  
**Technical Bid:**
  1. Technical qualification page along with all the documents mentioned in it.
  2. Copy of all sections except section 5 i.e. Price Bid duly signed & stamped on all the pages.**Price Bid:**
  1. Containing the price bid in the form provided in the tender document.
  2. No condition other than what already mentioned in the tender documents will be accepted.
- 5) e-Tender shall be conducted on MSTC portal. Interested organizations with similar type of work experience who wish to participate in these e-tenders may visit [www.mstcindia.co.in](http://www.mstcindia.co.in), [www.mstcecommerce.com](http://www.mstcecommerce.com) and [www.vgelvapi.com](http://www.vgelvapi.com).
- 6) The bid shall be submitted through Online portal [www.mstcindia.co.in](http://www.mstcindia.co.in), OR [www.mstcecommerce.com](http://www.mstcecommerce.com). Signed copy of tender to be submitted within 2 days through speed post / register post / courier or hand delivery. The complete liability to ensure that the Signed bid shall reach in time will be with the bidder. Under no circumstance will allow any allowance for the delay arising out of postal or courier delivery.
- 7) VGEL reserves the right to accept or reject any or all tenders in part or full or to cancel the issue of tender documents without assigning any reason whatsoever. Similarly, in the interest of company, company have absolute right to go for retendering without assigning any reason whatsoever to anyone.
- 8) Bidder has to accept all terms and conditions unconditionally.
- 9) Management reserves the right to modify the tender document or Extend the last submission date for more clarity and/or to get more competition. If there is any revision in the tender document, the same will be published on our website [www.vgelvapi.com](http://www.vgelvapi.com). All the interested parties are requested to regularly check our website for any updates.
- 10) Negotiations, if any, for any item will be held with the respective L1 party for that item. No bidder will have any right whatsoever for his bid if it is not obtained in time and in proper format.

Kindly note that all tender notices are posted on our website only. Usually no advertisements of these tenders are published in newspapers.

## Section 4: Qualification & Technical Criteria

### Qualification Criteria: -

Sr. No.	Description	Required	To be confirmed by supplier YES/NO
1	The bidder should have supplied these items to some company or executed the work.	Copy of order/certificate for supplying the material/ equipment to any other company. Successful Installation and Satisfaction report to be attached with technical part of tender.	
2	Dealership / Franchisee / Manufacture details	Documents supporting Regarding Dealership / Franchisee / Performance report etc.	Attach copy
3	Financial Capacity with any credential or performance report or turn over should be minimum <b>2 times</b> of order values.	Attached certificate and Specify Annual Turn Over.	
4	Acceptance of all the conditions fully and unconditionally	Copy of all the sections including blank pages of price bid duly signed and stamped on all the pages.	
5	Submission of EMD amount as per section:1 (Refundable)	DD or Banker's Cheque of amount mentioned in Section 1, In favour of "Vapi Green Enviro Limited". Payable at Vapi	Amount Rs. <b>3,00,000/-</b> DD or Banker's Cheque No.:.....
6	Submission of Tender Fee amount as per section:1 (Non-refundable)	Cheque, DD or Banker's Cheque of amount mentioned in Section 1, In favour of "Vapi Green Enviro Limited"	Amount <b>Rs.15,000/-</b> + 18% GST = Rs.17,700/-. To be Paid Online to MSTC. Receipt No. ....

**Qualification Criteria:** As per attached PQ details

**Technical Details:** Supply and Installation of Aspirator to be done at CETP site, Vapi Green Enviro Ltd., Near Damanganga River, NH 8, Near UPL Bridge, GIDC Phase-1, Vapi – 396195.

**Bidder are suggested to specify Quantity of Aspirator with the Air Requirement and Power of Each Aerator with Technical Details.**

Estimate for 15 MLD capacity plant expansion.

- **Volume :- 15000 M3/Day.**

Parameter	Unit	Inlet	Out let
Flow	M3	15000	15000
COD	PPM	1600	240
BOD	Ppm	600	25
NH3 N		100	45
O2 Requirement per Hr	Kg/Hr	To be decided by supplier.

5. PRICE ESCALATION CLAUSE IS NOT APPLICABLE FOR THIS TENDER.
6. ALL OTHER GENERAL TERMS AND CONDITIONS SHALL REMAIN UNCHANGED
7. Authority shall have right to modify the design if required.
8. Request to all bidders that make at least one visit at site before submitting offer.
9. Insurance / WC (Workmen Compensation) Policy should be submitted to HR department for all personnel working in VGEL during the Installation and trial period.
10. Contractor shall be solely responsible for all and any liability which may arise in respect of its personnel due to any legislation whatsoever and the same shall be exclusively borne by Contractor and VGEL shall not be responsible for payment of compensation or other payment that is required to be made by Contractor to its staff. Contractor shall strictly follow safety norms as per Factory Act.

#### Note:

1. All Bidders are requested to visit site before submitting offers. Please visit during 10:00 AM to 16:00 PM. Please meet IC – CETP for any technical clarifications during visit for this work.
2. The bidder must submit sufficient details & documentation on above qualifying factors; Otherwise, the bid may be disqualified. Permission to allow submission of any further document or otherwise will be entirely at the discretion of VGEL. Fabrication, supply, installation, testing and commissioning of Aspirator Floating type process Jet Aerators for uniform aeration and mixing of contents in the tank of given dimensions.

#### OBJECTIVE

Reduction Biological Oxygen Demand load in the incoming effluent from 500 mg/l to 30 mg/l at a maximum flow rate of 15000 m<sup>3</sup>/day.

#### BASIS FOR DESIGN

The design of number and / or types of aspirator type process Jet aerators shall be based on the above data:

#### OTHER TERMS AND CONDITIONS

1. The decision regarding whether or not to award the annual comprehensive maintenance contract shall be under the sole discretion of VGEL.
2. The rate for annual maintenance contract in the format specified in clause D.18 is to be quoted separately by the bidder.
3. The bidder must visit the site to evaluate type and quantum of requirements as mentioned in the NIT. Ignorance of site conditions shall not be accepted as basis for any claim for compensation.
4. The commercial evaluation of the offers will be done giving due weightage to power consumption i.e., operating costs in addition to the capital cost of the new Aspirator aerator units.

#### PERFORMANCE

1. VGEL shall ensure effluent parameters at inlet to tank as per above clause.
2. The aspirator type process jet aerators shall perform satisfactorily under the operating conditions mentioned above to transfer Oxygen @ 1.7 to 1.8 Kg of O<sub>2</sub> / Kw Hour to ensure that required BOD load degradation is achieved and residual DO is maintained in the range of 1.2 to 1.5 mg/l.
3. Effective Thrust and Air Plume should be maximum up to 7 Meter depth.
4. MOC of Wet Contact Parts should be SS316
5. Bidders have to attach separate sheet for List of Consumable Spares, each item Rate and its Life. Format as mention in below table.

Sr. No.	Name of Consumable Spares	Rate / Nos	Life
1

## **OBLIGATION TO FOLLOW HSE (HEALTH, SAFETY AND ENVIRONMENT) SYSTEM RULES & REGULATIONS**

### 1. General Security Instructions:

- a. Contractor shall arrange necessary Gate Entry Passes in advance with all security formalities.
- b. Contractor workmen will follow the rules and regulations prevailing at VGEL from time to time.

### 2. Training:

- a. One hour training on work place safety shall be mandatory to each new contractor employee at VGEL plant office. Gate passes of such employees shall be stamped as Safety trained employees. On the job trainings / pep talks shall be imparted before starting the job.

### 3. General Safety Instructions:

- a. Contractor shall not carry out any work without valid Work Permit issued to him. All the conditions of the permit shall be understood & complied by him.
- b. Work Permit shall be always available with contractor's supervisor at worksite
- c. Contractor shall arrange adequate supervisors. No job shall be carried out without supervision.
- d. Tested & certified equipment, tools & tackles shall be used & submitted to VGEL officials.
- e. Strict adherence to the Safety work permits for each hot, confined space, height job & other jobs taken by Plants & Services is must. The instructions written on it shall also be strictly followed at site by contractor employees.
- f. For the critical jobs JSA (Job Safety Analysis) shall be made & training shall be imparted to the workmen.
- g. Contractor shall ensure that his employees understand the use of fire hydrants & extinguishers & emergency communication procedures.
- h. Contractors whose Safety Records are not satisfactory shall be viewed seriously and necessary action (viz. warning, monetary penalty, suspension/stoppage of work, cancellation of registration/contracts) shall be taken by VGEL.
- i. Contractor shall provide appropriate PPEs (Personnel Protective Equipment's) to all workers such as safety shoes, safety helmet, safety goggle, double lanyard full body harness, dust masks, ear plugs ,face shields & other necessary PPEs as per BIS mentioned below:  
IS: 2925 - 1984 Industrial Safety Helmets  
IS: 47701 - 1968 Rubber Gloves for Electrical Purpose  
IS: 6994 - 1973 [Part-I] Industrial Safety Gloves [Leather & Cotton Gloves]  
IS: 1989 - 1986 [Part-II] Leather Safety Boots & Shoes  
IS: 5557 - 1969 Industrial & Safety Rubber Knee Boots  
IS: 6519 - 1971 Code of Practice for Selections, Care & Repair of Safety Footwear  
IS: 11226 - 1985 Leather Safety Footwear Having Direct Molding Sole  
IS: 5983 - 1978 Eye Protectors  
IS: 9167 - 1979 Ear Protectors  
IS: 3521 - 1983 Industrial Safety Belts & Harnesses

### 4. Safety precautions for compressed gas cylinders:

- a. Identification of contents of industrial gas cylinders shall be as per IS – 4379. Valve fittings for compressed gas cylinders shall be as per IS -3224. Gas cylinders shall be handled as per IS – 3870. b. Oxy-acetylene sets/ Oxygen/ LPG cylinder sets to be used for pre-heating & cutting jobs shall be provided with IS 11106 specified regulators having double diaphragm pressure gauges & flash back arrestors. Gas cylinders shall be kept upright and secured firmly with chain.

### 5. Safety precautions during welding job:

- a. Welding machine manual shall be available at site and rated capacity of machine shall be clearly visible. Earthing shall be returned back from job to welding machine
